

WORKING WITH WORDS WORKSHOP

Support children working towards single words and two words together

4 modules / 10 days support / 3 weeks access

£90pp*

One. Learn about the foundation skills that support Speech & Language development and the crucial role pre-linguistic skills play. You will use the tools provided to carry out an observation of a child's pre-linguistic skills.

Two. Learn the best early language strategies you can use to support a child's Speech & Language development - because it's easier to change what you do! You will use the tools provided to reflect on your own practice.

Three. Learn about the ages and stages of language development and the importance of a varied vocabulary. You will use the tools provided to make a plan for a varied range of target vocabulary.

Four. Learn how to support children that need that extra "boost" to get to two words together! You will bring all of your learning together and use the tools provided to carry out a case study!

BOOK

Visit the website, choose your start date and your bundle option. You will receive all the access information you need 48 hours prior to the workshop start date.

LEARN

Access the sessions and download any supporting documents via the website. Transfer learning into practice by completing optional tasks.

SUPPORT

Join the private Facebook support group. Share your task feedback and ask questions. I will support you to get the most out of the workshop experience.

This workshop is designed with your busy schedules in mind. Sessions are pre-recorded so you can access them online and at a time that suits you. Sessions have been chopped up into manageable chunks - each no longer than 40 minutes.
